

Wall panels			Electrics		heating		Special fixtures		Sanitary fixtures		Linking material		frame		frame			
	RP	Rest panel		25W glass lamp		500W frost monitor		small porch		50 litre boiler		External connection		10' frame		C column		
	HP	Half panel		1x36W fluorescent light		2kW fan heater		large porch incl. support		80 litre boiler		C supplementary package		16' frame		C column (Toilet cont)		
	VP	Full panel		2x36W fluorescent light		2kW e-convector		Large porch without supports		150 litre boiler		I supplementary package		20' frame		C column Connecting container with panels		
	DP	Double panel		CAT II lighting 2x36 watt		1kW e-convector		Window grille		300 litre boiler		II supplementary package		24' frame		C column Connecting container without panels		
	FP	Window panel		LED category 2 light fitting 2x27 W		Low-temperature e-convector 1kW		Door grille		15 litre boiler		L supplementary package		30' frame				
	KIGA	Nursery school window panel		Category 2 light fitting 2x58 W		Low-temperature e-convector 2kW		telephone duct		Shower with curtain		U supplementary package		Floor assembly				
	SF	sanitary window		Ball-proof luminaire 2x36W		Hot water heating type 21VM		Panel duct		2-part GRP gutter				subfloor				
	KP	Air conditioning panel (without air conditioning)		Power off switch		Hot water heating type 33VM		Roof duct		4-part GRP gutter				Type of floor				
	TP1	Door panel Door type 875		series switch		Hot water heating inlet and outlet		Floor cut out DN50		wash hand basin				floor cover				
	TP2	Door panel Door type 1000		dual switch		gas heating		Floor cut out DN125		Sink				Floor cover and skirting				
	DTP	Double leaf door panel Door type 2000		Pull cord switch		incl. gas supply pipe		Doorstop		Stainless steel sink				Floor cover in partial area				
	TP1	Panel with door cut out Door type 875		Off switch with indicator light				door closer		Stainless steel sink 2-part gutter				end-to-end floor cover	Storage container			
	TP2	Panel with door cut out Door type 1000		Motion detector	Cable preparations			Forced venting in panel		Stainless steel sink 3-part gutter				Without plinths		Storage container		
	DTP	Panel with door cut out Door type 2000		occupancy detector		for light in the ceiling		Mechanical vent in the door		Stainless steel sink 4-part gutter				Fire protection roof		Security fittings		
	DFP	Double sliding window		Fuse box		for outdoor light in the roof frame		coat hook rail		Mini kitchen				double amount of floor cross members		Burglar alarm		
	DFP	Double window		CEE exterior socket		for light (Permanent positive) in the ceiling		Support column		Mini kitchen (without oven)	Overrides			double amount of floor cross members with underpadding		Security package		
	FP	Window aperture		Earthing lug		for outdoor light (Permanent positive) in roof frame		Door incl transfer sheet		Urinal			Panel/container colour		reinforced Omega profiles		Lashing bar	
	DFP	Double window aperture		extractor fan		for power-off switch in roof frame		panic fittings Exterior handle Interior handle		Gustavsberg toilet		Door linking kit in RAL 9010		Omission of the floor construction		Rack		
	FP	Window with 1/3 sliding part		hygrostatic extractor fan		for socket in roof frame		panic fittings Exterior handle Interior rail		WC		Container decor		Floor/roof Insulation		Device holder		
	FIX	Fixed glazing 945x1345mm		Wall ventilation unit VL-100		Empty ducts with concealed socket		panic fittings Exterior knob Interior handle		Child-friendly toilet		Upper cover strip		reinforced roof		mechanical ventilation		
	FIX	Fixed glazing 1970x1345mm		Air conditioner		Cable preparation for motion/presence detector		panic fittings Exterior knob Interior rail		Squat toilet		Container internal height		reinforced frame		Partition wall		
	FIX	Fixed glazing 1970x2040mm		Air conditioning with heating function				Fixed glazing in the door leaf		Inlet and outlet		Container with flexible cable system		reinforced frame reinforced Omega profiles		window		
	FIX	Fixed glazing 1970x2250mm		Air conditioning unit under window	Dado trunking			Standard dimensions (door)		intermediate panel		Container without electrics		reinforced frame Lining		Door		
	FP	Hatch/speak through		Air conditioning unit with heating function under window		Dado trunking		Door in MZ version		Floor drain		Container with 400V electrics		Transpack version	Panel insulation			
	FP	Window panel with roller shutters		Preparation for air conditioning unit		Socket mounted in the cable duct		Door in T30 version		Hand dryer	fascia			High Cube		60MW		mineral wool
	KP/FP	Window panel (air conditioning under window)		Single socket		RJ45 socket mounted in the cable duct		Door with ASSA ABLOY		Paper towel dispenser		External corner		Steel sheet (full)		100MW		100mm mineral wool
	DFP	Window panel XL		Double socket				Door in KABA		soap dispenser		Internal corner		Steel sheet on the ceiling		60PU		60mm PUR
		Internal partition 60mm		spur				Toilet door with anti-trap protection		Disabled toilet		Transition part		Steel sheet on partition wall and WC partition wall		60SW		rock wool
		Toilet partition 20mm		High voltage socket				Frame in TWIN version		Undercounter storage 5 litre		Longitudinal part		Steel sheet on WC partition wall		110SW		110mm rock wool
		Door panel Door type 875		RJ45				additional door leaf for TWIN frame		Water connection with ball valve	Soundproof ceiling			Steel sheet in corridor		110PIR		110mm PIR
		Door panel Door type 1000		Wet room version	IP glazing			Stetter cable duct		NIRO urinal trough		full panel						
		Double leaf door Door type 2000		CEE coupling cable	IP glazing fixed element			Cover profile between the floors		Pressure reduction valve incl. backwash filter		half panel						
		Hatch/speak through		IP glazing double leaf door large		IP glazing double leaf door large		panel strengthening		Tap with cold water only	Key symbols overview							
		Fixed glazing 945x1345mm		IP glazing Double leaf door		IP glazing with door		Cover profile between the floors		Sanitary entry and exit points prepared								
		Window aperture		IP glazing with door														
		Window panel		IP glazing with door
